County Engineer Report:

S. Stephenson informed the committee of the following:

- Midland is putting up wind turbines in the northern part of the wind farm. They plan for construction to be complete this September/October.
- There are still two Maintainer II positions available. We hired a new employee, Brian Flaherty, today. He will start Monday, July 25th. On July 1, 2022, Selden Newman, a Maintainer II resigned.
- Road crews are almost half way through seal coating for the townships. We plan to pave in the City of Geneseo the end of this month and then resume our seal coat operation.
- Township grinding is underway with three townships left.
- Oxford bridge deck beams were set last week. Construction should be complete in a few weeks. Discussion followed.

Old Business

- J. Orton was inquiring about the faded paint lines on Wolf Road. S. Stephenson reported that we will only receive 75% of this year's traffic marking paint. The vendor's plant in Texas is having difficulty fulfilling all contracts because of a weather issue earlier this year. Discussion followed.
- Engineering continues on the Sears bottom project.
- The environmental consultant has finished their assessment on the I80 slope fail project. Discussion followed.

New Business

None
